

## **Burbank Police Motor Squad Earns Award at Recent OCTOA Competition**

On September 18, 2013, four members from the Burbank Police Department Motor Squad competed in the Orange County Traffic Officers Association's "Top Gun" Motor Rodeo.

This skill program draws approximately 250 motor officers from law enforcement agencies throughout California. Competitors were challenged with fast and slow timed cone patterns and the "top gun" finale, an elimination round competition.

The officers competed in six different individual events and one team event in the BMW class, earning third place in the team competition. Officer Ryan Murphy excelled in the individual competition, reaching the semi-finals, before being eliminated.

Congratulations to motor officers Chris Hensley, Randy Lloyd, Ryan Murphy, and Dan Turpin for their hard work and training in preparation for this annual event. The officers proved to be outstanding ambassadors for the Burbank Police Department through their individual and team accomplishments.
