HUMOR

WHAT IS THE PURPOSE OF DUI CHECKPOINTS?

**DON'T
DRINK
AND
DRIVE**

**DRIVE SOBER
OR GET
PULLED OVER**

From time to time, the BPD will issue a news release advising the community that a sobriety checkpoint will be conducted upon a certain date. The purpose of this operation is to reduce the number of persons killed and seriously injured in alcohol-related traffic collisions, and to reduce the amount of property damage caused by impaired drivers. A major focus of these checkpoints is to educate drivers about the dangers of impaired driving and to encourage sober designated drivers. (These checkpoints are funded by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.)

A DUI checkpoint is a proven, effective method for achieving this goal. By publicizing these enforcement and education efforts, the Burbank Police Department aims to deter motorists from drinking and driving.

Vehicles passing through the checkpoint are randomly screened and drivers who are under the influence of alcohol and/or drugs will be arrested. Our objective is to send a clear message to those who are considering driving a motor vehicle after consuming alcohol and/or drugs - Drunk Driving, Over the Limit, Under Arrest. The public is encouraged to help keep roadways safe by calling 911 if they see a suspected impaired driver.

The Burbank Police Department remains committed to making Burbank a safer place to live and work.
