

San Gabriel Valley Police Chiefs' Association

The San Gabriel Valley Police Chiefs recognize the importance of protecting human dignity and promoting solidarity within our diverse communities. We stand united to condemn any hate and bigotry within our communities. We seek to mitigate any direct, or indirect demoralizing impact amongst the residents, visitors and businesses within our region. In response to recent reports, we are committed to protecting the Asian American Pacific Islander (AAPI) communities by countering misinformation, cultivating compassion and holding those accountable for inflicting fear and hurt within our communities. We urge everyone to stand united by immediately reporting these types of incidents to their local police departments. We are all committed to fulfill this endeavor and understand that an attack against the AAPI community is an attack on all of us within the San Gabriel Valley community. We currently have professionals from each police department working in partnership to maintain the public safety of all.
